

In some situations the extent of the mice infestation may require the expertise and resources of a professional pest controller. It is recommended that such expert advice is sought if the infestation is not brought under control with the use of this product as directed. For professional pest control service call 0800 Rentokil (New Zealand) or 1300711466 (Australia) to book a service by our expert technicians.

Directions for use:

- 1 Open lid by pushing 2 pronged key into the matching holes.
- 2 Place one Rentokil Wax Bait upside down in housing or 10-20gms of Rentokil Grain Bait in chamber.

- 3 Lock Lid.
- 4 Place the flat side of the station against the walls where you have seen mice activity.
- 5 Place bait station in areas inaccessible to children and pets.

For professional pest control service call 0800 Rentokil (New Zealand) or 1300 Rentokil (Australia) to book a service by our expert technicians.
