- DIRECTIONS FOR USE**
- 1 Open lid by pushing star shaped end of the key into the corresponding hole.
 - 2 Place a few blocks of Rentokil Bait on the rod to hold it securely.
 - Rentokil Rid Rat Super Wax Bait (New Zealand)
 - Rentokil Bromakil Wax Bait (Australia)
 - or other Rentokil Bait in chamber.
 - 3 Close lid, reverse the key and remove to lock lid.
 - 4 Place the bait station where you have seen the rat activity (as illustrated).
 - 5 Place bait station in areas inaccessible to children and pets.
 - 6 Bait Station can also accommodate Rentokil Traps to isolate non-target pests.
 7. Follow safety precautions of baits and traps when using this station. In some situations the extent of the rat infestation may require the expertise and resources of a professional pest controller. For expert advice please call:
0800 Rentokil (New Zealand)
1300 Rentokil (Australia).
